

You don't have to be a doctor or cancer specialist to make a positive impact on the life of a cancer patient. That is why The Cleaning Advantage, Inc. has become a local chapter of **Cleaning For A Reason**, a non-profit organization that provides free cleaning for women undergoing treatment for cancer. As a local business we are grateful for the success that we have achieved through our many loyal customers, and this provides a way for us to give back to the community that has supported us in our success. We are committed to providing the gift of a clean home to women being treated for cancer. Providing home cleaning for women during

one of the most stressful times of their lives is at the very heart and soul of what we do every day. We love to clean and we love making a difference one home at a time in our community.

If you know a woman who is in need of help during this difficult time of her life please send her to [www.cleaningforareason.org](http://www.cleaningforareason.org), or she can phone 877-337-3348. You may also call us at the office for more information.

As is true with any non-profit organization, we need your support to help as many women in need as time will allow. Each charter member cleaning company pays a monthly fee to help with the costs of administering this program as well as committing to a number of free cleanings each month. Unfortunately, the supply does not come close to the demand. You can make a huge difference in the lives of these women by helping us clean more often for more women. You can do this by donating each month to **Cleaning For A Reason**. These funds will be used to provide more free or discounted cleanings for the patient.

To contribute is easy, you choose the amount, from \$1 to \$1,000 per month (or more if you like) and call or email our office notifying us of your contribution.

The national Cleaning for a Reason Foundation makes it possible for us to do our part in the way we know best cleaning homes every day and making a difference. We hope that you will join us in making a difference in the lives of women with cancer.

Thank You,

Karen Bickford, President  
The Cleaning Advantage, Inc.
